THE CLEAN PROGRAM

Launched nearly 3 years ago, the Clean program focuses on developing our recipes using high-quality raw materials that are strictly selected, while minimizing the use of additives and other E-numbers as much as possible. It applies to all of our product families. By 2027, the entirety of our product recipes will be «clean.»

THE GREEN PROGRAM

Because our planet is precious and its resources are limited, we continuously work on improving our production methods, raw material sourcing, and packaging with one goal in mind: **reducing our carbon footprint.**

+ point

- Our range of mini macarons is evolving towards even more indulgent products. Discover our new flavors!
- Pastry-quality: Once filled, store the macarons in the fridge for 24 hours. They will become soft and melt-in-your-mouth.
- Remove them from the fridge 15-20 minutes before serving to bring them to room temperature; they will be even more flavourful.
- Our macaron shells can be frozen after filling.

Chef Inspired is a brand dedicated to make a difference to professionals everyday's life so as to share the pleasure of eating to the greatest amount of people.
